DELEGATES RETURN TO THEIR HOMES

Alexandrians Honored at Convention of Travelers In Norfolk.

A PLEASANT SESSION.

Officers Selected and Charlottesville Chosen as Next Meeting Place of Organization.

Three Alexandrians were honored at the meeting of the State convention of the Travelers' Protective Association which was held in Norfolk on Saturday. J. William May and Hunt Russell, members of Post F. of this city, were elected delegates from Virginia to the national convention of the organization which is to be held in Houston, Texas, next month. A. D. Brockett was re-elected chairman of the state railway committee, and J. W. May was appointed sergeant-at-arms. The 18 members of Post F, who left for Norfolk Thursday night returned this morning on the Norfolk boat.

While rain interferred seriously with the outdoor part of the program on the association Saturday, the regular business sessions were held.

Officers were elected and Charlottesville was selected as the place of meeting next year.

The name of Robert D. Davis was placed in nomination by George W. Rogers, of Richmond, who spoke of him as the most active man in either the State or national association, and he was elected by unanimous vote. Mr. Davis succeeds William H. Jones, of Danville.

George W. Rogers, of Post A. Richmond, was also elected unanimously to the position of vice-president, succeeding A. M. Smith, also of Post A. H. L. Smith, of Post C, Petersburg, was unanimously elected second vice president. The following were elected members of the board of directors for the year. W. H. Brown and C. D. Coleman, of Richmond; D. W. Sale, of Lynchburg; F. S. Hancock, of Norfolk; C. S. Johnson, of Roanoke, D. L. Porter, of Staunton.

Taking up the matter of immigrant inspection, the convention passed resolutions to the effect that immigrants should be inspected by competent health officers before leaving their own country, both to safeguard the health of the country and to eliminate the unpecessary expense of sending back diseased immigrants. The resolution provided that the attention of the national convention be called to the matter and requested that they bring the matter to the notice of the proper governmental authorities.

A resolution was also adopted, requesting the various banks holding membership in the regional reserve bank of district No. 5 to be located in Richmond, to use their influence to secure a representative for Virginia on the board of directors. There are to be three active bankers and three business men of the district on the board.

Delegates were elected to attend the national conventon, to be held at Houston, Texas, June 9th, as follows:

Post A. Richmond—M. S. Valentine, S. P. Jones, J. F. Ryland, C. D. Coleman, James Richardson, J. H. Grant, E. H. Clowes, George W. Rogers, Ernest Hunter, J. E. Cox, C. W. Saunders.

EFFECTS OF PROHIBITION.

$250,000,000 Dollars Paid by Liquor Traffic Would be Made up in Some Other Way.

New York, May 11.—In the gathering of several hundred representative manufacturers, chiefly from the South, at the convention, of the American Cotton Manufacturers' Association held at the Waldorf, an opportunity, was afforded, to ascertain their attitud on the question of national prohibition.

These manufacturers of cotton yarns and cotton cloths have their mills throughout the South, as well as some in the East, and employ thousands of operators. Many of them expressed the view that local or State option on the liquor question was as far as legislation should go. Others were emphatic in declaring that national legislation would be inflicting added burdens to States and to business in general.

The views of one of the large mill men were as follows:

"The liquor industry pays $250,000,000 each year to the government. In the event of national prohibition and the destruction of this industry, this revenue of the government would also be wiped out. Where would the money come from, to meet the deficiency? The government would not be the loser; it would simply raise the revenue in another way.

"The corporations would be the first to feel the effects of national prohibition, in the way of increased taxation. The railroads, many of them now operating under difficulties, would be crushed under heavy taxation that wouldnecessarly be imposed upon them; if the government lost the revenue it receives from the liquor industry.

"The life insurance companies would be hard hit; in fact, they already have felt the effects of State-wide prohibition, in more than one instance. In Tennessee today, they are protesting against a burden that they are no longer able to carry. The Nashville Association of Life Underwriters, led by President W. A. Alexander and Rean E. Folk, former State insurance commissioner, is preparing to make a determined fight against the burdensome taxes imposed on life insurance companies in that dry State. Under dry regime, the life insurance companies pay one-fifteenth of all the taxes of every kind collected by the State. When Tennessee voted out the saloons it did not stop to reckon about the revenues it voted out at the same time. The life insurance companies and other corporations doing business in the State are now doing the figuring.

In Oklahoma, another dry State, the life insurance companies are also paying the piper. The October issue of the Spectattor, giving the monthly casualty and surety reports, quoted 54.2 per cent ratio of losses paid in that prohibition territory. The losses paid total considerably more than half the total premiums received.

"In Alabama, as one result of the experiment with State-wide prohibition, a license schedule covers every possible utility and means of livelihood. Cotton buyer or broker, was compelled to pay an annual license of $100; the warehouse proprietor was taxed a like sum; the man operating a cotton press paid $200; the manufacturers of crackers paid $75; the coal peddler was taxed $10 for every wagon he used; no one escaped the tax gatherer. With the repeal of the prohibitory laws, came a repeal of the license schedule. The revenues from the liquor industry made it possible for business interests to exist, and lifted the burden of excessive taxation."

FIERCE ATTACK ON CITY OF TAMPICO

One Report is to the Effect That Federal Seaport Has Fallen.

MAY BURN THE PLACE.

Great Excitement in Vera Cruz When Rumors of Shelling The City are Circulated.

El Paso, Texas, May 11.—Constitutional headquarters of Juarez today were without confirmation of a report from Vera Cruz that the constitutionalist forces under Gen. Pablo Gonzales had captured Tampico.

The last advices received after midnight, said Gonzales had telegraphed Gen. Carranza at Torreon that fighting was still in progress at Tampico Sunday afternoon, but that he hoped to "capture the city within a few hours." Twelve rebel canon were then shelling the federal fortress.

Gonzales gave no details of the fighting, except to indicate that it had been desperate. He did not mention whether any of the oil wells in the vicinity were afire, although it was reported from another source that two of these were burning, having been set afire by the bursting shells.

Constitutionalist officers at Juarez anticipate that Gen. Francisco Villa's army, now operating near Saltillo, will soon be augmented by 5,000 troops, following General Carranza's coming visit to Durango. Caranza is due here tomorrow to smooth out the differences between constitutionalists leaders and the Arrieta Brothers. The latter have been witholding their support in the Saltillo campaign because of a quarrel with Gen. Villa.

Washington, May 11.—That the occupation of Lobos Island by the United States forces under Admiral Badger were justified by the rules of international procedure is the contention made in answer to protests filed on behalf of Dictator Huerta. It was earned today that the State Department had so stated to mediators, who last night transmitted a protest from Huerta that such occupation was a violation of implied agreement that no hostile moves would be undertaken pending outcome of the mediation negotiations.

Lobos Island lighthouse is one of the navigation marks between Tampico and Tuxpam. It was seized by Admiral Badger because he had received creditable information that it was to be destroyed by Mexicans. The United States takes the position that this act was in no way an act of aggression.

The Huerta protest, however, has demonstrated to the satisfaction of officialdom that the dictator is determined to take advantage of every opportunity to accuse the United States of bad faith before the mediators. By doing so, officials here believe Huerta will be able to accuse the mediators of discriminating against him should he decide later on to withdraw from the conferences.

The Navy Department is anxiously awaiting further word from Tampico, where desperate fighting has been in progress since Saturday. The revolutionary forces, under Generals Gonzales and Caballeros, have the town complotely surrounded and only the fire of the federal gunboats in the river has prevented its capture by assaults.

The greatest fear here is that the constitutionalists, if they are unable to silence the gunboats otherwise, may turn loose stored oil on the surface of the river and set fire to it.

Sentences Set Aside.

Washington, May 11.—The contempt sentences imposed by the District Supreme Court upon Samuel Gompers, John Mitchell and Frank Morrison, labor leaders, were set aside today by the Supreme Court of the United States for the second time as barred by the statute of limitations.

CARED FOR PIRATES' LOOT.

Dweller on Lake Erie Surprised When Deputy Seizes Him and Plunder.

Detroit, Mich., May 11.—Lake Erie pirates swooped down on Hickory Island, near Grosse Island, about month ago, and raided several cottages there getting much plunder.

Deputy Sheriff John Clements was detailed by Sheriff Oakman to trace the pirates to their stronghold. In light green skiff, the deputy in the dead of night searched the harbors and inlets of Lake Erie until finally he came upon two men in a houseboat, one of them being John Garroll, a nimrod and a lover of adventure. In the house boat were many of the things stolen from the Hickory Island cottages, so the deputy brought the pjlunder and Garroll back to jail.

Dr. Burton Parker identified his goods as among the godos recovered, and Dr. Tibballs and Dr. George I. Berridge identified their goods, but Garroll claims he is innocent, that he is a pirate by a freak of fate only. He told the deputy that a mysterious stranger came to him about a month ago and asked him to take care of all the stolen property, but he did not say it was stolen. Garroll said he agreed to do this, and was as much surprised as any one when he found the goods were stolen.

READY TO RESUME PROBE.

McCoy Subcommittee of the House Has Not Decided on Witnesses for This Week.

Washington, May 11.—The House subcommittee investigating the Wright impeachment charges resumed its inquiry today, after a week-end of inactivity. Chairman McCoy and his colleagues have not fully mapped out the week's program as to witnesses, but this will be decided upon today.

A dozen witnesses wh owere excused last Monday until today were on hand as the commitee prepared to asemble shortly before noon. It is probable a majority of these witneses will again be excused until later in the week.

Cashier Zep, of the United States Savings Bank, has yet to conclude his testimony regarding Judge Wrikht's connections as a director of that institution, had he is likely to take the stand this afternoon.

GENERAL MAAS'S VIEW.

Thinks Trouble Would be Brought to End if United States Recognized Huerta.

Vera Cruz, May 11.—Should the United States withdraw its forces now in Mexican territory and recognize General Huerta as the real head of the Mexican republic, the differences now existing between the two countries would immediately be settled, and the problem which now seems so difficult would have a satisfactory solution.

This is the view of General Maas, federal commander of Vera Cruz, who was routed when the American bluejackets and marines landed there April 21, and who is now surrounded by an army of unestimated strength at Cordoba, a few hours' ride from Vera Cruz.

MASACRE 45 SOLDIERS.

Peruvian Indians Who Mutined and Killed Officers Are Slain.

New York, May 11.—Captain W. P. Aspinwall, of the steamer Gregory which arrived yesterday from Iquitos, 2500 miles up the Amazon, brought a story of a massacre of 45 Peruvian soldiers, all Indians, who had mutined and killed their officers.

The story is almost unbelievable, but Captain Aspinwall gives it on the authority of the man who carried out the executions, Captain Fernando Casabal, who was a passenger on the trip as far as Barbados.

The 45 mutineers when captured, were shackled and taken out on the Napo River on a lighter in tow of a gunboat. Then a machine gun on the gunboat was turned on the prisoners, and all were killed. Their bodies were thrown into the river.

Will Not be Candidate.

Washington, May 11.—That former President William H. Taft will under no circumstaces ever again accept a nomination for the presidency has become known from sources intimately associated with him.

SICILY IS AGAIN TERRORIZED

Another Seismic Tremor Causes Consternation in Stricken Counry.

14 VILLAGES COLLAPSE.

Soldiers, Priests and Others Engaged in Extricating About 500 of The Injured.

Rome, May 11.—Great supplies of clothing are being gathered here today to send to Aicreale for the relief of the victims of the earthquake which completely or partially destroyed fourteen villages near the base of Mount Etna and klled more than 150 persons. King Victor Immanuel and Queeen Helena are personally directing the relief measures, and may leave for the scene of the disaster in a few days.

Reports from Acireale declare that soldiers, priests and citizens are still searching the ruins for dead and injured. Upward of 500 injured have been taken from various villages. Doctors and nurses have worked day and night, the physicians having performed many operations in the open fields. Food is scarce, but supplies are arriving.

The king has subscribed $20,000 to the relief fund, and $10,000 additional has been appropriated by the government.

Another quake was felt in Sicily yesterday afternoon, but no damage was reported. Refugees, however, were terror-stricken.

WILSON IN CORTEGE.

President Meets Funeral Ship and Joins With a Million People.

New York, May 11.—Nation and city paid tribute in silence to the seventeen men who gave their lives in the first move made in the occupation of Vera Cruz by the armed forces of the United States. Bearing the bodies of the dead bluejackets and marines, the armored cruiser Montana, escorted by the presidential yacht Mayflower, having aboard Secretary of the Navy Daniels, reached port early yesterday, and, convoyed by the superdreadnought Wyoming, steamed up the harbor shortly before noon, dropping anchor off the battery at 12:40 o'clock.

As the funeral cortege moved slowly up the bay the flags on the forts in New York harbor, on sailing craft, and from the great buildings along the water front hung at half mast. Along the piers and walks of the plaza at the Battery thousands of persons stood in silence. There was no noisy salute from vessels or forts, no demonstrations by the people ashore, but an attitude of silent mourning seemed to hang over all.

New York, May 11.—Honor to the seventeen American bluejackets and marines who died for their country at Vera Cruz was paid here today. With the President of the United States in the role of chief mourner and every possible circumstance of military pomp investing the memorial service more than a million citizens joined in a testimonial to their dead.

Banked solidly along every foot of the line of march, the myriads of the city crowded. Every inch of pavement between Broadway's towering piles, was solid with humanity. Every window of every skyscraper was full, and from hundreds of feet above the pavement looking down on those American boys who died in Mexico for their flag.

After its march along Broadway the great procession stopped momentarily at the City Hall, where Mayor Mitchell, greatly moved, delivered a short address as he laid a wreath of orchids and bay leaves on the caisson of one of the three New York boys who were among the dead. It was inscribed simply, "Tribute of the City of New York."

HOSPITAL FUND STILL CLIMBING

Fourth Week of Campaign For New Building Fund Has Been Started.

$27,444.08 ON BOARD.

People of Alexandria are Public-Spirited—Two-Thirds of Population Yet to Be Heard From.

The Hospital workers began their fourth week today very much encouraged and highly gratified that their score board showed $27,444.68, with promises for numerous other amounts.

Doubtless no more successful work was ever accomplished in so short a time. The people of Alexandria and other outside friends who have assisted them in this work have a right to congratulate themselves.

During the present week, as politics will undoubtedly occupy the greatest attention in the minds of our people, it is not expected that there will be a great deal of work done by the committee, but it is trusted that all those who have decided to send in contributions will do so at once so that each day the score board will continue to rise, and by the end of the week will reach the sum of $30,000, the amount absolutely needed to insure a new hospital.

If every one who has already sent in their contribution would try and secure even a small contribution from some one else, there is no doubt that the amount will run over the $30,000.

The people of Alexandria have shown their public spirit in this matter and have proven themselves worthy descendants of their patriotic sires, but it should be remembered that out of the 17000 inhabitants in the city not five hundred have made up the large amount shown by the pledges received up to date.

BASE BALL YESTERDAY.

Cardinals Trim Potomac A. C., 9 to 3.—Merchant "Shines."

The Potomac A. C., visited the North Alfred street grounds yesterday in search of laurels and met defeat by the crack Cardinal A. C. team by the score: Cardinals, 9; Potomac A. C. 3.

The Cardinals' batery was composed of "Watt" Allensworth and McBride, and the dandy flinger of the "Redsock" athletes had the riverfront lads guessing at all times—only five scratch hits being made off his delivery.

For the Potomac A. C., Raison was on the mound with Nalls performing behind the plate. The Cardinals had a liking for Raisons' offerings, and sent the "dumpling" flying and rolling all over Old Mother Earth for a total of thirteen hits.

The features of the game were the general all--around team work of the winners; the home run of "Dug" Merchant, and his pretty playing at first base; also the hard line drive to Nugent who by quick action turned the trick to a double play. Both Brown and Devers were close to having home runs marked to their credit. The former was tagged at the home plate and the latter was called out for not touching all the bases.

The features of the game for the Potomacs was the general all-about work—batting, running, and fielding of the "Only Rosie" Hayden, who was the star of his nine.

Wenzel, short stop, and A. Hayden, were the "wizards of the willow," each tallying one score.

OBSERVE MOTHERS' DAY.

Many Carnations Worn Yesterday in Honor of the Occasion.

Most of the men of the country gave expression to love for their mothers yesterday by the wearing of carnations, white for those who are dead, and red for the living, for it was "Mother's Day." Each year on the second Sunday in May the observance, which originated with Miss Anna Jarvis, of Philadelphia, becomes more general as a tribute to American mothers, and the number of carnations worn yesterday showed that it has become a yearly tribute by the whole nation.

A large percentage of the male element of Alexandria wore carnations, and in some of the churches special reference was made to "Mothers' Day."

SHOW BIBLE PICTURES.

Alexandrians Attend Belasco Theatre Yesterday Afternoon and Last Night.

Washington is having the famous Bible Pictures, the Photo-Drama of creation, which has been shown in most of the large cities in the United States recently. The big Bible pictures opened in that city under the auspices of the International Bible Student's Association.

The Photo-drama of Creation consists of nearly six hundred stereopticon slides, and about two miles of fine hand- colored film, which takes about eight hours to produce. The production is exhibited in four parts of about two hours each.

Part 1 takes the Bible story from the time when the earth was without form and void through the seven creative days in their order, to the time of the flood, thence on to Abraham's time.

Part two takes up the Bible story from Abraham's time through Israel's experiences to the first advent of the Lord.

Part 3 has to do with the life of Christ from the cradle to the cross.

Part 4 takes up Bible history from the day of Pentecost down through the dark ages and the Reformation, up to the time in which we are now living.

A number of Alexandrians witnessed the exhibition of the pictures yesterday afternoon and last night. No admission fee is charged nor is there any collection.

FATHER AND SON KILLED.

Wives of Both Witness Tragedy—Trainmen Attracked by Their Screams.

Thacker, Va., May 11.—A most pathetic accident occurred near Thacker Friday night, shortly after 10 o'clock, resulting in the frightful death of a father and son, upon a railroad track before the eyes of the wives of both. The victims of the accident were Richard Ratcliffe, aged 45 years, and his son, James Ratcliffe, aged 24. They were instantly killed by fast freight, second 84. A party, consisting of Richard Ratcliffe and wife, were returning from a show at Thacker's to their homes at Lickford. It appears that the two men were walking just ahead of the ladies, on the eastbound track. A freight was passing, and because of the noise of this train, the two men became confused and were run down by No. 84 on another track. It is said that no member of the train crew were aware of striking any one until their attention was attracted by the screaming of the wives who had become widows within a few seconds of time. The badly mangled bodies of the dead men were taken to their homes at Lickford for burial. Trainmen who witnessed the agonized suffering of the the widowed women, say that it was the most pathetic scene of their lives.

WARLIKE MOVEMENTS.

Great Camp Site Provided, With Facilites for 16,000 Soldiers and Quartermaster's Department Opened.

Newport News, Va., May 11.—That the United States government is preparing for a forward movement of troops to Mexico is indicated by events transpiring here. Options have been secured on a great camp site north of this city, whereon 16,000 soldiers may be camped, warehouses have been provided, pier facilities have been provided, and Major Pettus has been ordered here from Fort Monroe to open a quartermaster's department. All possible secrecy is being thrown around the movements here, and no official word can be had as to when soldiers may be expected. However, the ordering of the opening of a quartermaster's depot is taken to mean that they will begin coming here in the not distant future.

In addition to the troops coming here, it is learned that the War Department is making ready to establish a transport service between Newport News and Vera Cruz, specially chartered steamers being used in that service. Supplies and munitions of war will be sent from this place to the army in Vera Cruz It became known last night that an official of the District of Columbia National Guard, who was here today in connection with the Woodmen of the World celebration, was ordered by telegraph to report at headquarters in Washington within forty-eight hours. He left last night for Washington.

SENDS BULLET INTO HEART.

Widely Known Halifax County Man Ends His ife—Despondency Only Reason Assigned.

Houston, Va., May 11.—J. N. Faulkner shot himself at his home at 8 o'clock yesterday morning. He was well connected in Houston and South Boston, a son-in-law of Senator H. A. Edmondson, and well-known in business circles. Several months ago he severed his connections with Edmondson's warehouse at South Boston, and was living at his home here. Yesterday he was seen by neighbors walking about his place apparently well and in his right mind. Girl Baby is Drowned.

Richmond, May 11.—Marrica, eighteen-months-old daughter of Mr. and Mrs. Samuel Specter, of 212 North Nineteenth street, while left alone on the back porch yesterday morning about 11 o'clock, fell into a big can containing barely two quarts of water and was drowned. The lifeless body was found by the mother, who saw the heels of her infant protruding from the top of the can.

Dr. R. J. Styers, City Hospital ambulance surgeon, was summoned, but the child was dead when he arrived.

Investigation by Coroner Taylor and Detective Sergeant Wiley brought to light the fact that the child was being alternately cared for by her mother and a negro servant. She was with Mrs. Specter on the porch, and the servant was in the kitchen, a few steps away. The mother was called to the front of the house and assumed that the servant would keep an eye on the baby, who was barely able to toddle.

The can, which had contained fifty pounds of lard, had been sitting upon the porch for several days and was not half full of water. The child evidently sought to climb upon it, lost her balance, and tumbled in, headforemost. She was drowned in a few seconds.

PRESIDENT MINGLES WITH THE MOURNERS.

President Wilson rode in the cortege in New oYrk today and view with others in showing respect to the memory of the men who lost their lives in the capture of Vera Cruz. As is known these men, the first to lay down their lives upon the altar of their country, were killed by assassins, men bearing the name of snipers, who had not the temerity to come out in the open, but waylaid their virtually helpless victims in the streets. War is a terrible condition, and anything is said to be fair in carnage and love.

At any rate these men entered Vera Cruz, taking their lives in their hands and were killed while engaged in avenging an insult to the flag of their country. May their memory ever remain green.

The fact that the President of the United States, at a time when his powers and time are taxed to the greatest tension, should leave his desk and vie with others who realized that it was their duty to meet the funeral ship and receive all that remains of the gallant band, shows that the Presidential chair is occupied by a man of fine feeling, and one who has no disposition to ignore any duty, no matter how small.

We read that David, the great Jewish king, appeared in the funeral cortege of Abner, who was the victim of a cruel murder. David walked in the procession and manifested his sorrow that a great one had fallen in Israel. The corporal's guard who perished at Vera Cruz, the first victims of the second war with Mexico, were not as Abner, not having been intended to play as prominent a part in history. They, however, were performing their duty when they fell. This is about all that can be said of the great and the small.

SPRING FEVER DEPRESSES "ARMY."

The Philadelphia Record in observing the collapse of the Coxey army says:

All of the carefully laid plans for a triumphant march to Washington with Coxey's second army made by the local hoboes came tumbling down Saturday when seized with the spring fever and the local volunteers moved from their clubhouse at No. 816 Callowhill street and started for the road.

Despite the ravings of a few of the leaders who saw their long cherished ambitions of being colonels in the army of job shunners defeated the last of the loyal few deserted, and with their bundles thrown across their shoulders left for the green fields, sweet mown hay and all of that sort of thing. It was an open rebellion, the leaders declared in wrath, while they fought hard against the desire to yawn. J. Eads How, the millionaire hobo and brigadier general of the Philadelphia brigade, was hurriedly notified of the condition of affairs. He wired back that he would come to this city as soon as possible. Joe Miller and Will Quirke, the only survivors of what might have been a formidable array, admitted yesterday that How might resort to mediation if enough of the members were found. Just what they would "mediate" they would not say. They feel the defeat of their plans keenly.

Everything was going on so nicely, too. It seemed a shame that the beautiful banners inscribed with all sorts of startling pictures should be given to the kids in the neighborhood to play with. Then, too, it might have been worse, the survivors say. The tricky spring weather might have got in its dastardly work after they had started. Then they would have been humiliated. Like true soldiers, though, however, between yawns, solaced themselves by declaring that the fortunes of war are more often misfortunes, adding the few words that General Sherman had to say on the subject.

While the winter lasted there was plenty of enthusiasm in the ranks of the hoboes. With a nice warm stove and shelter they could talk about the future and what it would bring. No military commander did more planning than the officers of that proposed army which was to march to Washington. But, like Napoleon, they erred and met their Waterloo when the first spring days arrived. Then the subtle spirit of the wanderlust dragged itself into each hobo. One by one they started to disappear. When asked about the march to Washington they would stretch themselves and say: "I should worry about Washington." Before they could be court-martialed they had left.

Finally when the benches and soap boxes around the fire became vacant the seriousness of the affair dawned upon the leaders. The newspapers were consulted, and they found to their horror that the weather man was predicting all kinds of nice weather. They held a council of war one night to decide what was best to do in a crisis of that kind. One thought it a good thing to place a bomb under Weatherman Bliss, but said he would not do it himself for fear of joining Mr. Bliss' aerial flight. This pleasantry did not meet with the approval of Jack Donnelly, who presided. He rapped for order, whereupon the funny one gave a good imitation of a tired man and went to bed. No decision was reached and the next day the ranks of the deserters increased.

Munitions Not Landed.

Washington, May 11.—Munitions of war for General Huerta shipped to Puerto Mexico on the steamer Kronprinzesin Cecille were not landed. Official confirmation that the landing was not effected has been received by the Navy Department from Admiral Badger.

The admiral's dispatch completely clarifies the situation and removes the doubt that has existed whether or not at least a part of the consignment had been put ashore at Puerto Mexico.

Up to the receipt of Badger's dispatch this government had no positive information that the munitions of war were still aboard the Cecille, but it had been accepted by the State Department that this was the fact.

Airship in War.

Fez, Morocco, May 11.—Tazza, a French military aviator, was one of the principal factors in yesterday's victory of the French troops over the Moors at Teza, which gave the French command of the eastern approaches to Fez.

The airman flew back and forth over the Moorish positions, and from the air directed the fire of the French artillery. At the same time he dropped a number of bombs among the Moors, who eventually became demoralized and fled, leaving many dead on the field

The Cardinals will appear before the Pope and ask a special dispensation for Henry Wessling, of Boston, a Jesuit student at Woodstock College. Mr. Wessling became blind when chemicals over which he was working exploded several years ago. Since that time he has gone on studying.

ACT TO BE TESTED.

Seaboard Air Line Declines to Permit Preacher to Examine Its Books.

Raleigh, N. C., May 11.—The effectiveness of the section of North Carolina search and seizure act that requires common carriers to exhibit to citizens generally on demand their special books showing shipments and deliveries of liquors from other States into North Carolina is to be tested in the indictment just made here by a Wake county grand jury against the Seaboard Air Line for refusal to submit books to Rev R. L. Davis, superintendent of the North Carolina Anti-Saloon League. The case will come up for trial at the next term of the Superior Court.

It was early in January that Rev. Mr. Davis made the demand that was refused. Later he applied to Solicitor Norris who had a deputy sheriff detailed to make specific investigations as to particular cases. This is all that the counsel for the Seaboard insists that the railroad company is at liberty to do in opening books for inspection under the interstate commerce law. The state search and seizure law requires that there must be special books that can be examined at any time by any citizen, instead of only officers of the law.

Solicitor H. E. Norris will make his fight for the right of citizens to inspect as to interstate shipments on the ground that the Interstate Commerce act prohibiting such inspections must construed in conection with Kenyon-Webb act, the latter modifying to the extent that state and local prohibition laws must bar interstate shipments of liquors and have precedence as to machinery for enforcement.

All other common carriers recognize this position and open their books on demand to citizens under search and seizure. However, it is over the Seaboard Air Line principally, that the great volume of liquor from Virginia points come into this section of the State, and the contention of the Seaboard counsel, backed by General Watts, tends greatly to nullify the operation of the search and seizure law of the state.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, sueh as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

NEWS OF THE DAY

Sarah Keyser, 6 years old, of 516 Four and-a-half street, southwest, Washington, is at the children's hospital suffering from concussion of the brain caused by being struck last night by an automobile. The accident occurred in front of 618 Four-and-a-half street. The little girl was playing in the street at the time. She was removed to the Emergency Hospital in the automobile which struck her and later transferred to the Children's Hospital. The name of the man who drove the machine is not known.

Russia feels gratified that during the last few years her entire army has been reorganized, rearmed and reclothed, and also that a new navy is in course of construction. This situation is particularly pleasing to the Government of the Little White Father, now that the German question is so acute. The fact that another 500,000 men is to be added to the army is proof enough in itself of the awe in which Germany is held.

A dispatch from Paris says Josephine Brown, the American actress is the bride of John Fuerheerd, grandson and heir of Duke Ferdinand, who is a multi-millionaire, and called "The Grand Old Man of Portugal." Josephine Brown was known as America's most beautiful actress," ' and at one time, when supposed to be engaged to William Gillette, the actor, she suddenly surprised her friends by marrying an Irishman, Robert Liedwell, of London. Her first marriage turned out unhappily and she obtained a divorce.

It is stated that by the unanimous decision of the inhabitants of Oberammergrau the "Passion Play" will not be given next year on account of the unsatisfactory result of salt year's representations. There was a considerable diminution in the number of visitors during the last production.

The Greek legation in Washington is in possession of an official dispatch from Athens, categorically denying the story cabled on May 5 from Durazzo, Albania, according to which 250 Mohammedan Albanians were crucified in the Orthodox Church at Kodra, by the Epirotes, after having been captured by them at Harmova. This story, according to the official dispatch, was absolutely untrue.

A bomb placed by suffragettes exploded yesterday afternoon in the gallery of the Metropolitan Tabernacle, in South London, an edifice made famous by the late Rev. Chas. H. Spurgeon. Little damage was done. It is believed the bomb was placed in the gallery during the morning service, which ended at half past 12 o'clock. An hour later the explosion occurred. Near the spot where the bomb exploded was a card, on which was written, "Put your religion into practice, and see that women obtain their freedom."

Charged with shooting and killing three other youths, Preston Williams, 16 years old, is in the county jail at Ocilla, Ga. Evidence given at the coroner's inquest tended to show that the three youths were killed because they made alleged remarks reflecting upon Williams' mother. They were shot with a shotgun as they were driving [illegible] Saturday from the home of J. W. Williams, father of the youth held for the killings.

Foreign Minister Ruias has telegraphed to the South American mediators in Washington that several United States torpedoboats, with a transport and tender, have appeared off the island of Lobos, on the east coast of Mexico, between Vera Cruz and Tampico, landed a party on the island, and arrested the lighthouse tenders. The latter were released after they had turned over the instruments and apparatus for operating the lighthouse.

Mrs. Marie M. Barr, a singer, leaned over her mother, revolver in hand, in the latter's home in Chicago at 3 o'clock yesterday morning, and shot to death Mathew Hetzer, after he had knocked her mother dow nthree times. Hetzer used the elder woman, Mrs. Leola Stoll, as a shield, thrusting her between himself and the angry daughter, and manuevering dexterously to avoid being shot. At the same time he tried to reach his assailant in time to ward off the shot. Mrs. Barr waited for opportunity, reached far over the shoulder of the struggling Mrs. Stoll, and shot Hetzer through the head. He died an hour latter in a hospital. Mrs. Barr told the police Hetzer was drinking; that he came to the house at an unseemly hour, broke down a door, went upstairs, and attacked her mother. She shot, she said, in self-defense, and to protect the life of Mrs. Stoll.

These 40 Features

which we have described in detail this week, are backed by the full guarantee of the Hoosier Company.

For 16 years this company has built the famous

HOOSIER

and in all that time has never added an "improvement" that proved a failure. But unless you sit down in front of this beautiful cabinet and see its wonderful conveniences yourself you cannot hope to realize how much labor this new Hoosier would save you.

(1) See for instance, how the big, roomy, metal table, slides out 16 inches over the base. Notice how an exclusive Hoosier patent prevents this table from warping.

(2) Observe especially how cleverly the inside of the door space above the table is utilized to bring things you need often nearest your hand. The sliding table enables you to open the doors without removing anything from the table, and the insides of the doors save any danger of knocking things over by reaching across the table for those supplies you use scores of times daily.

Our window, displaying these features in "White Beauty," has caused more talk than any window display we've ever had. SEE IT. Tomorrow is the last day.

(3) "What shall we have for Dinner?" If yours is one of the millions of homes in which that is an eternally perplexing problem, Mrs. Christine Frederick's Food Guide—now an exclusive part of the Hoosier Cabinet, will save you enough time and money to pay for the Cabinet in less than a year. Simply turn the dial until you see the meat you want and a choice of several perfectly balanced economical menus is before you. Don't fail to examine this feature tomorrow.

(4) Every woman has favorite recipes. If you're like most women, you have difficulty remembering where you put the one you want. The *Metal Recipe Card File* has 50 cards and ten index guides. You can paste or write the recipe and file it always at your fingers' ends. A special holder is provided so you can keep any recipe you are using at level of your eyes—without holding or soiling it.

THIS NEW HOOSIER	
SAVES STEPS	SCIENTIFIC
SAVES TIME	SANITARY
SAVES MONEY	DURABLE
SAVES HEALTH	CONVENIENT
SAVES LOOKS	BEAUTIFUL

YOU NEED IT
YOU CAN AFFORD IT
YOU CAN HAVE IT TOMORROW

(5) In your examination tomorrow, be sure to note carefully the New *Shaker Sifter* we've already described. It shakes flour through instead of grinding it through. It cannot wear out. It cannot grind grit or dirt through. It makes pure, fluffy and light. The only thing of its kind. An absolutely *new helper* in your kitchen.

These and 35 other conveniences are worth examining tomorrow—even at some personal effort on your part. Tomorrow is your last chance to decide whether you want them now on the easy Hoosier Plan.

Hoosier
"White Beauty"

It Cannot Take You 10 Minutes to Decide Whether You Prefer "White Beauty" or a HOOSIER with "Oak" Inside—Delivered to Your Home for only $1.

It is *necessary* now that you *make* your decision quickly if you are to secure your Hoosier on the attractive HOOSIER PLAN, for there are only a few of each left on our floor.

This Opportunity Will End When the Last of this Allotment of Hoosiers is taken—Possibly TOMORROW.

Before you hesitate longer, therefore, ask yourself these three questions:

(1) How can I possibly benefit by not getting a Hoosier now on the Hoosier Plan?
(2) Can I not better afford to pay one dollar now than the entire cash price all at once later?
(3) Shall I risk being too late, merely through failure to act now? Or shall I go down to the store tomorrow and make my decision then—knowing that the sale may close by night?

Consider the Advantages that the new Hoosier presents—40 tested features of convenience, 17 of which are entirely new—three spacious cupboards and a handy package pantry, grouped around a large sanitary metal table that slides out 16 inches so you can sit down and work—capacity for 400 articles which are so scientifically located at your fingers' ends that even unnecessary *reaching* has been eliminated—and *construction so sound* that the cabinet lasts a lifetime without warping or any necessity of repairs.

The Saving of Weary Miles of Steps in the kitchen, *alone*, makes the new Hoosier of vital importance to every tired woman who hopes to retain her health, happiness and good looks; for kitchen work done in the old way is drudgery, and drudgery sooner or later causes serious ills. The *conveniences* and the *pleasure* of working with a Hoosier are great but insignificant advantages compared to the "health side" of the question. Particularly if you are one of the *millions* of women who *never* feel perfectly well, and don't know *why*, you need a Hoosier more than anything else you can buy.

See "White Beauty" in Our Window—It Will Sell Itself to You. And Here is the Easy Hoosier Plan on which You can Buy it Tomorrow.

1. **$1 puts the cabinet you choose in your home.**
2. **$1 weekly quickly pays for it.**
3. **The Low Cash Price fixed by the factory prevails strictly.**
4. **No interest. No extra fees.**
5. **This sale is under the direct supervision of the Hoosier Company.**
6. **Your money back if you are not *delighted* with your Hoosier.**

Could any possible further advantage be held out to induce you to act tomorrow in your own interest? We know of none, and we count confidently on your coming tomorrow—before it is too late. (14)

ARRESTED IN CHURCH.

Attempted Demonstration in Rockefeller's Place of Worship.

New York, May 11.—The police made eleven arrests in Calvary Baptist Church in suppressing an attempted demonstration during the morning's service against John D. Rockefeller, Jr., who teaches Sunday School at the church. Mr. Rockefeller was not present, remaining at his country home in Pocantico Hills.

The demonstrants were a new group calling itself the "Church of the Revolution," led by Bouck White, formerly pastor of a Congregational Church in Brooklyn. White and ten followers, including a woman, were removed from the church to patrol wagons. Several were bruised in resisting ejections, and two needed medical assistance.

Sixteen "mourners" with crepe-banded sleeves journeyed up to the Rockefeller estate at Pocontico Hills yesterday and marched up and down in front of the gates for several hours. Armed guards barred their entrance.

Arthur Caron, leader of the sixteen, said they had intended carrying a coffin in their marches past the gates, but found one could not be shipped on Sunday.

The eleven arrested at Calvary Baptist Church were taken to the night court and there paroled in the custody of their counsel. The cases were adjourned to give the prisoners' attorney time to prepare the defense.

DEATH OF MME. NORDICA.

Operatic Singer Passes Away in Batavia Last Night.

Batavia, Java, May 11.—Mme. Lillian Nordica, the famous American operatic singer, died here last night.

Mme. Nordica had been ill since the steamer Tasman, on which she was a passenger, went ashore on Bramble Cay, in the Gulf of Papua, December 28 last. Nervous prostration was followed by pneumonia.

She came of old New England stock. A farmhouse, built by her great-grandfather on a hill just outside the village of Farmington, Me., was Nordica's birthplace, in 1859. Her true name was Norton. She changed it to Nordica when she began to study in Italy. She had intended to return to this farmhouse when her tour ended.

Mme. Nordica was first married in 1882 to Frederick A. Gower, a wealthy electrician, and a native of her State of Maine, whom she met in Paris. Gower attempted a balloon trip across the English channel. Although the balloon was later found, nothing was ever heard or seen of him. In 1896, she married Zoltan Doeme, a Hungarian army officer and singer, from whom she secured a divorce in 1905. Her third marriage was in London, in 1909, to George W. Young, a wealthy New York banker. It was announced at that time that Nordica, rich in her own right, would retire from the stage, but after a honeymoon spent in part at the old Norton homestead in Maine, she decided upon the fatal concert tour of the world.

SHRINERS AT ATLANTA.

William W. Irvin Greeted With Salute of Twenty One Guns and Festivities Are on.

Atlanta, Ga., May 11.—Greeted by a salute of twenty one guns, William W. Irvin, imperial potentate of the Mystic Shrine, arrived in Atlanta today to open the fortieth convention of the fraternity. Thousands of persons lined the sidewalks and cheered, giving him a rousing welcome as the head of the Shriners.

For several days the visitors will be in possession of everything but city government. Parades, celebrations, reviews, and drills are on the program. In the one tomorrow 40,000 people are expected to march, and fifty-five bands have been engaged to keep them in step.

A lively fight is already on between San Francisco and Seattle for the next convocation. By promotion, Frederick R. Smith, of Rochester, N. Y., deputy imperial potentate, will be Irwin's successor, so that the real official contest will be waged between candiates for deputy.

Hunger and Thirst Strike Wins.

London, May 11.—Weak and emaciated as the result of a thirs strike, Mary Wood, the mitant suffragette ho mutilated the Sargeant portrait of Henry James, was released from jail today.
